Read Me File

- **github.io**: https://web-development-environments-2021.github.io/Assignment2_316121367_313185555/
- **Our details**:
  - Eden Maximof – 316121367
  - Mor Tadeski – 313185555
- **Functionality**:
  - Live adder ♥ – if the pac-man eats the beating heart, it can add him one more live in case he has less than 5 lives at that moment. The heart can be eaten only one time, and it jumps to another location randomly every 2 seconds.
  - Time adder 🕐 – if the pac-man eats the clock, it will give him 10 more seconds. The clock can be eaten only one time, and it changes locations randomly when the pac-man is eaten by the monsters. The clock shows the current time.
